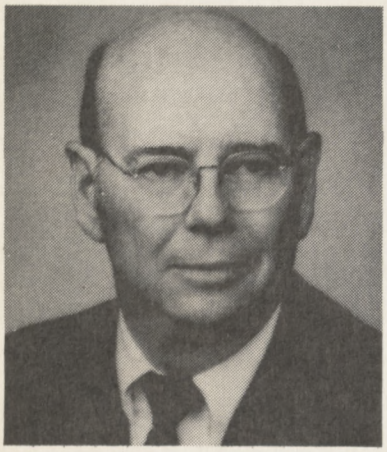
GLENDALE CITY OFFICIALS



JEROLD F. MILNER
MAYOR

Every year the physical look of Glendale changes. We're adding more quality office space downtown and the other commercial areas of the City. A partnership between the Glendale Redevelopment Agency and the private businesses is actively recruiting new employers to occupy the new buildings and provide additional jobs.

Glendale is moving toward the 21st Century with confidence and plans that will keep our community strong—will continue to keep our neighborhoods friendly and safe. Our City is our Citizens. Together we can keep Glendale great.

PAT SAJAK

Pat Sajak was born and raised in Chicago and attended Columbia College there. He began his broadcasting career as a newscaster for a Chicago radio station, but was sidetracked in 1968 when he was drafted into the Army.

Sajak spent the following four years as a disc jockey for Armed Forces Radio in Vietnam, operating out of Saigon. Following his honorable discharge, he moved to Nashville, where he continued his radio career, simultaneously launching a career in television by working for a local station as weatherman and host of a public affairs program.

In 1977, Sajak was lured to Los Angeles to become the nightly weatherman on KNBC. His subtle humor led to his also being named host of "The Sunday Show," a magazine-format program.

While working at KNBC, he auditioned for Merv Griffin to take over as host of the popular game show "Wheel of Fortune." Sajak spent several years as host of the daytime edition, and since the syndicated nighttime version was launched in 1983, he has seen it grow into television's top-rated syndicated program. He has received a People's Choice Award and been nominated four times for the Emmy Award as host.

Since the "Wheel" phenomenon began, Sajak has accumulated a wide variety of other television credits. He has been a guest on "The Tonight Show" and "Late Night With David Letterman," and has guest-hosted such shows as "Hour Magazine," "The Merv Griffin Show" and cable's "Larry King Live." He has played himself in special "Wheel of Fortune" episodes of such series as "227," "Gimme a Break" and the daytime drama "Santa Barbara." He has also been seen as a host for "The Thanksgiving Day Parade" and "The Rose Parade." In addition, he made his feature film debut as a maniacal newscaster in "Airplane II — the Sequel."

Sajak, who is single, lived in Glendale for 7 years. His interests include tennis, racquetball and keeping up with the Chicago Cubs.

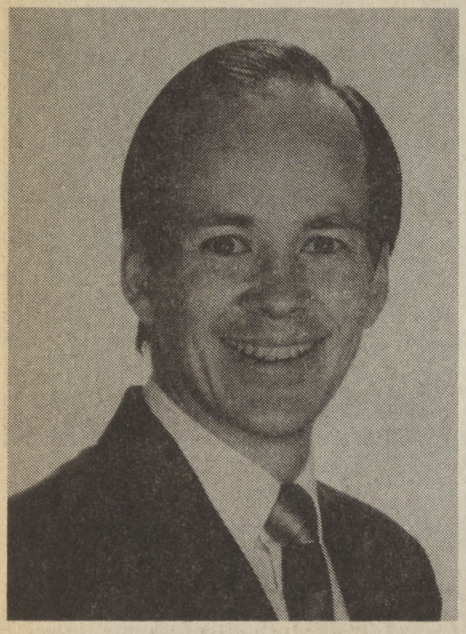
Crescenta Valley Chamber of Commerce

PRESIDENT'S MESSAGE



RALPH THURSTON
President

Crescenta Valley, the "Balcony of the Foothills," serving the Foothill Communities of La Cañada Flintridge, La Crescenta, Montrose, Verdugo City, North Glendale, Tujunga and Sunland since our incorporation in 1925. Residents enjoy facilities devoted to the Arts, both locally and in the surrounding communities. Shopping Centers offer the consumer a variety of merchandise and services, from high ticket sophisticated items, to modest necessities for every taste and budget.

The quality of life has not been overlooked, as open space, beautification projects, and convenient parks are part of local development. Recreation programs are available to citizens of every age and interest. Public golf courses as well as tennis facilities are available for the use of the most dedicated sports enthusiast. Also the Crescenta Valley is within close proximity to the beach, desert, mountain resorts, and various theme parks.

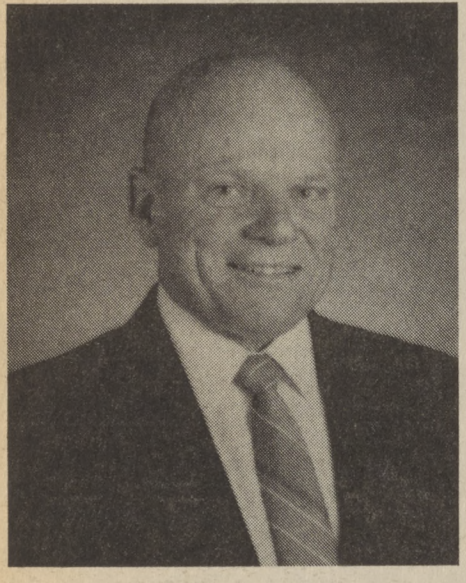
In order to maintain a well rounded community, with a solid economic base, a full spectrum business community, composed of industry, commercial firms, the professions and services, is necessary and the Crescenta Valley is an example of excellent balance. Fine health care and quality educational facilities are also an integral part of the community.

The Leadership of the Crescenta Valley is conscious of the fact that the decisions they make today will shape the future. With this in mind the residents have elected council members to serve on the Crescenta Valley Town Council which serves the unincorporated areas of La Crescenta and Montrose-Verdugo City. La Cañada Flintridge and North Glendale are served by their City Councils as are the Los Angeles Communities of Sunland and Tujunga. Crescenta Valley Leaders of today are striving to make decisions that will make the Crescenta Valley stronger both now and in the future.

The Crescenta Valley Chamber of Commerce is proud to be an active participant in much of the planning and welcomes inquiries about the community. Many materials about the Crescenta Valley are available and may be obtained by visiting the chamber office at 3131 Foothill Blvd., Suite M, La Crescenta or by calling (818) 248-4957.

Montrose Verdugo City Chamber of Commerce

PRESIDENT'S MESSAGE



BILL PHILLIPS
President

The Montrose Verdugo City Chamber of Commerce was founded in 1923. We have a tradition of involvement. We have 16 standing committees to provide information, ideas and development.

Montrose and Verdugo City are located in the Crescenta Valley, framed by the Verdugo Hills on the south and the San Gabriel Mountains to the north. It is truly a beautiful Community in which to live, work and play.

Like the rest of Southern California we are expanding rapidly. The Montrose Shopping Park will have 178 shops and 15 restaurants by the Fall of next year. Not only is the Shopping Park continuing to grow, Honolulu Avenue from Verdugo City through Montrose is developing at an amazing rate.

Last year our City Park was dedicated. It is located east of Verdugo Road and south of Broadview Drive. The Park features playground equipment and an area for athletics. It is a beautiful and tranquil area to picnic in.

Recently the voting public elected a Town Council to help guide us in the unincorporated areas of our Community. The Montrose Verdugo City Chamber of Commerce wishes to extend our hand in congratulations and to let them know we look forward to helping in the future.

Our Chamber along with the Montrose Shopping Park has a variety of functions each year to promote our Community. Our yearly events include the Oktoberfest Street Celebration, the Official Glendale Christmas Parade on Honolulu Avenue, an Arts & Crafts Festival in the Spring and a Memorial Day event to honor our war veterans. We also support, sponsor and contribute to various charitable and worthwhile organizations.

We invite you to visit our Community, shop in our Mall and attend our activities. If you have any questions feel free to contact our office at 3808 Ocean View Blvd., Montrose, CA 91020 or call (818) 249-7171.

La Cañada Flintridge Chamber of Commerce

PRESIDENT'S MESSAGE

As its long title indicates, the La Cañada Flintridge Chamber of Commerce and Community Association is a multi-purpose organization, representing both the residential and business communities of the city. Of course, all Chambers have similar purposes. The difference with the La Cañada Flintridge Chamber is that its bylaws require this to be balanced as its purpose. Almost one-half of our board of Directors are, in fact, residents, who may or may not work in La Cañada Flintridge. I, for example, work 27 miles away. I'm one of 20,500 residents, who with over 500 merchants and professionals, care and work for what is best for La Cañada Flintridge, to the best of our ability.

We have a long history of caring and working for La Cañada Flintridge. We even played a major part in its creation. The Chamber was founded in 1912, and until the City of La Cañada Flintridge was incorporated in 1976, the Chamber was the primary focus of community political, planning, and civic activity. It served as the community's principle contact with local government, which was then the Los Angeles County Board of Supervisors. The Chamber and the Community Development Committee organized the Cityhood Action Committee, which brought about the formation of the City of La Cañada Flintridge. Since incorporation, the Chamber has continued and will continue to play an active role in representing both business and residential views to the City Council and other city organizations and agencies. It's a great place to live, raise children, visit, shop, do business, run, walk, or just drive through. We do our best to keep it that way.

On the social and lighter side, our Chamber hosts mixers almost every month in order to help the community, merchants, and services get to know each other better. Our breakfasts and luncheons are scheduled to present topics of interest, not just to eat. Our December Fashion Show and other promotions give our business community an opportunity to really "show their stuff." Our biggest promotion and community celebration continues to be our "Fiesta Days." This is held annually the week before and through memorial Day, as an acknowledgement of the meaning of Memorial Day, a celebration of what those men and women fought for, and a thank you gift from the merchants and services to the City of La Cañada Flintridge. Our activities include family centered events, athletic events, cultural and civic activities, sales promotions, fun times, memory times, finishing on Memorial Day with a Memorial Service, a wonderful parade that anyone can enter, a picnic with incredible prizes, and a concert in a park. Please join us; it's worth staying in town for.

A lot happens in our Chamber with the very long name. Do you want to know more about La Cañada Flintridge, our Chamber, Fiesta Days, our businesses, our schools - our wonderful schools! Call us or come by. The La Cañada Flintridge Chamber of Commerce and Community Association is located at 4529 Angeles Crest Highway, Suite 102, just north of Foothill Boulevard. Our phone number is (818) 790-4289. We're special, but that's what La Cañada Flintridge deserves.

IF YOU'RE NOT RECYCLING YOU'RE THROWING IT ALL AWAY.SM

A little reminder from the Environmental Defense Fund that if you're not recycling, you're throwing away a lot more than just your trash.

You and your community can recycle. Write the Environmental Defense Fund at: EDF-Recycling, 257 Park Avenue South, New York, NY 10010, for a free brochure that will tell you virtually everything you need to know about recycling.

Call Martin Anderson for solutions to your legal problems.

When you're faced with a legal problem, you want someone who can step in and with a 'no-nonsense' attitude *get the job done.* Martin Anderson is that kind of attorney.

Mr. Anderson works hard to provide his clients with quality, individualized legal services. He takes the time to explain the law and legal procedures to his clients—in plain English. Most of all, he understands that his clients want matters brought to a successful conclusion in the shortest possible amount of time.

Do you want an attorney like Martin Anderson on your side? Call now to make an appointment. Immediate appointments *are* available.

You're mad at your boss, worried about money, and you think you might be pregnant again.

Bad days. We all have them. And on those days good parents will often lash out at their kids. When troubles push you to the brink–stop.

Take time out.

Phone a friend. Take a shower. Do some sit-ups. Don't take hold of your child until you get hold of yourself.

For more parenting information, write:

There's an epidemic with 27 million victims. And no visible symptoms.

It's an epidemic of people who can't read.

Believe it or not, 27 million Americans are functionally illiterate, about one adult in five.

The solution to this problem is you...when you join the fight against illiteracy. So call the Coalition for Literacy at toll-free **1-800-228-8813** and volunteer.

Volunteer Against Illiteracy. The only degree you need is a degree of caring.

IT'S A DIRTY JOB, BUT SOMEBODY'S GOT TO KNOW HOW TO DO IT.

It takes a strong National Guard and Reserve to help defend our country. Keeping that strength at its peak takes training—one weekend a month and at least two weeks a year. Fully trained and ready, the Guard and Reserve make up one-third of our nation's defense.

So when your employees ask you for time off to train to keep our defenses at their strongest, give them that time. They'll be getting a tough job done, and you'll be getting back a better employee.

If you're an employer and want more information, write Employer Support, P.O. Drawer 9660, Arlington, VA 22209-0660. Or call 1-800-336-4590. In Virginia and Guam, call collect 202-696-5307.

We need someone with the confidence of a surgeon, the dedication of a marathoner and the courage of an explorer.

We need someone to fill a unique job opening.

Someone to spend two years in another country. To live and work in another culture. To learn a new language and acquire new skills.

We need someone who wants to help improve other people's lives. Who's anxious to build lasting friendships. To gain memories and experience that will last a lifetime. And a sense of fulfillment few jobs can match.

We need a Peace Corps volunteer. Interested? The first step is easy. Call 1-800-424-8580, Ext. 93.

Peace Corps.

The toughest job you'll ever love.

By the year 2000, 2 out of 3 Americans could be illiterate.

It's true.
Today, 75 million adults... about one American in three, can't read adequately. And by the year 2000, U.S. News & World Report envisions an America with a literacy rate of only 30%.
Before that America comes to be, you can stop it... by joining the fight against illiteracy today.
Call the Coalition for Literacy at toll-free **1-800-228-8813** and volunteer.

Volunteer Against Illiteracy. The only degree you need is a degree of caring.

Today...

Office hours:
Monday-Friday:
9-12 am to 2-6 pm
Saturdays:
9:00 am to 1:00 pm

"Today you may be seeking our office for relief. Yet often, in the course of an examination, other more serious problems may be discovered.

We will take the time to explain the scientific basis of your problem. You'll understand the seriousness, how long it'll take and how much it'll cost.

Then, with your consent, we will provide the quality chiropractic care you choose. Isn't that what a real doctor/patient relationship should be?"

- *New patients being accepted now*
- *Families especially welcome*
- *We handle insurance forms*
- *Competitive fees*
- *Most insurance pays for your care*
- *Work related injuries*
- *Automobile accidents*
- *Member of American Chiropractic Association*
- *Excellent parking*
- *Convenient office hours*
- *Serving a healthier Glendale for over 20 years.*

To understand much of what we're doing with respect to cancer research, you'd need a graduate degree in microbiology or biochemistry.

But to understand how well our educational programs and service resources help both patients and their families, simply talk to one out of every 100 Americans who are part of our volunteer program. Or talk to one of the 3 million who've survived cancer.

The battle isn't over but we are winning.

Please support the American Cancer Society.

Get involved with drugs before your children do.

Sooner or later, someone's going to offer to turn your children on.

And chances are, you won't be anywhere in sight.

So what can you do?

Obviously, the time to talk to your children about drugs is before they have to make a decision on their own.

Which means you have to learn something about drugs.

Learn the dangers.

Learn about peer pressure on a twelve-year-old.

But it's through love and understanding that you can be the most effective.

You can get a lot more ideas from the booklet, "Parents: What You Can Do About Drug Abuse." Write: Get Involved, P.O. Box 1706, Rockville, Maryland 20850.

Ad Council — A public service of this publication and the National Institute on Drug Abuse.

We need someone with a good back, strong stomach, level head and a big heart.

We need someone to fill a unique job opening.

Someone to spend two years in another country. To live and work in another culture. To learn a new language and acquire new skills.

We need someone who wants to help improve other people's lives. Who's anxious to build lasting friendships. To gain memories and experience that will last a lifetime. And a sense of fulfillment few jobs can match.

We need a Peace Corps volunteer. Interested? The first step is easy. Call us at 1-800-424-8580, Ext. 93.

Peace Corps.

The toughest job you'll ever love.

Help bring the world together, one friendship at a time.

Be an exchange student. There is no greater challenge...no greater satisfaction. That's why thousands of young Americans like you are joining a Presidential Initiative for peace...International Youth Exchange. If you're one of them, you'll live abroad with your new host family. Go to new schools. Make new friends. Help bring our world together, one friendship at a time.

Teenagers between 15 and 19 representing all segments of American society are being selected. If you'd like to be one of them, send for more information on programs, costs and financial aid.

When you leave your child alone, leave your child a number.

A telephone number, that is. 'Cause if you're at work when the children come home from school, they should know how to reach you. Have 'em check in with a neighbor, too. They'll feel better. And so will you.

For more information write me, McGruff the Crime Dog. (That's my mug below. Handsome, huh?) Crime Prevention Coalition, Dept. A, Box 6600, Rockville, Md. 20850. Together, we'll... SM

"YES, THERE IS LIFE AFTER BREAST CANCER. AND THAT'S THE WHOLE POINT."

–Ann Jillian

A lot of women are so afraid of breast cancer they don't want to hear about it.

And that's what frightens me.

Because those women won't practice breast self-examination regularly.

Those women, particularly those over 35, won't ask their doctor about a mammogram.

Yet that's what's required for breast cancer to be detected early. When the cure rate is 90%. And when there's a good chance it won't involve the loss of a breast.

But no matter what it involves, take it from someone who's been through it all.

Life is just too wonderful to give up on. And, as I found out, you don't have to give up on any of it. Not work, not play, not even romance.

Oh, there is one thing, though.

You do have to give up being afraid to take care of yourself.

AMERICAN CANCER SOCIETY®

Get a checkup. Life is worth it.

We need someone with the boldness of a pioneer, the resourcefulness of an inventor and the faith of a sword swallower.

We need someone to fill a unique job opening.
Someone to spend two years in another country. To live and work in another culture. To learn a new language and acquire new skills.
We need someone who wants to help improve other people's lives. Who's anxious to build lasting friendships. To gain memories and experience that will last a lifetime. And a sense of fulfillment few jobs can match.
We need a Peace Corps volunteer. Interested? The first step is easy. Call us at 1-800-424-8580, Ext. 93.

Peace Corps.
The toughest job you'll ever love.

CANCER. IT'S SIMPLY NOT WHAT IT USED TO BE.

Over the last 40 years, research programs supported by the American Cancer Society have made increasing progress in the treatment, detection and prevention of cancer.

In 1986 alone, the Society funded over 700 projects conducted by the most distinguished scientists and research institutions in the country.

Which is why, this year, hundreds of thousands of people will be successfully treated for the disease.

We are winning.

But we need you to help keep it that way.

What if you, the business man or woman, had to get a job this summer... from a teenager?

Undoubtedly, you'd want your interviewer to be understanding, trusting, sympathetic and fair. And if he (or she) wasn't, you'd probably feel cheated and dejected.

Well now you know exactly how the teenagers, coming to you for summer jobs, will feel if they're not given their rightful opportunity. They're eager and hard-working, but they need a chance to prove it.

So if you've got a job to give, give it to a needy teenager. You'll be helping your business, helping your community and making the most of the most willing work force in America.

After all, how would you feel if you were overlooked just because you were a grownup?

Make the most of your youth.

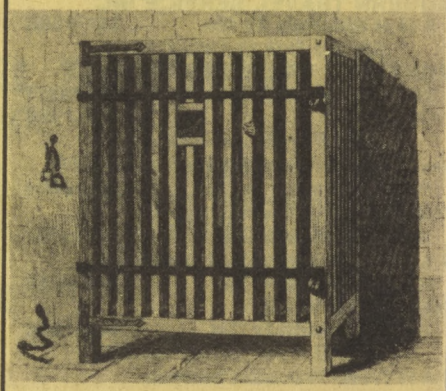
Are your attitudes



about mental illness

still in the dark ages?

Our notions about mental illness have a long, dark history. Sadly, age-old fears keep us from seeing mental illness for what it really is: a distressing medical disease. A disease that can be treated. For an informative booklet about mental illness, contact the American Mental Health Fund.

Learn to see the sickness.

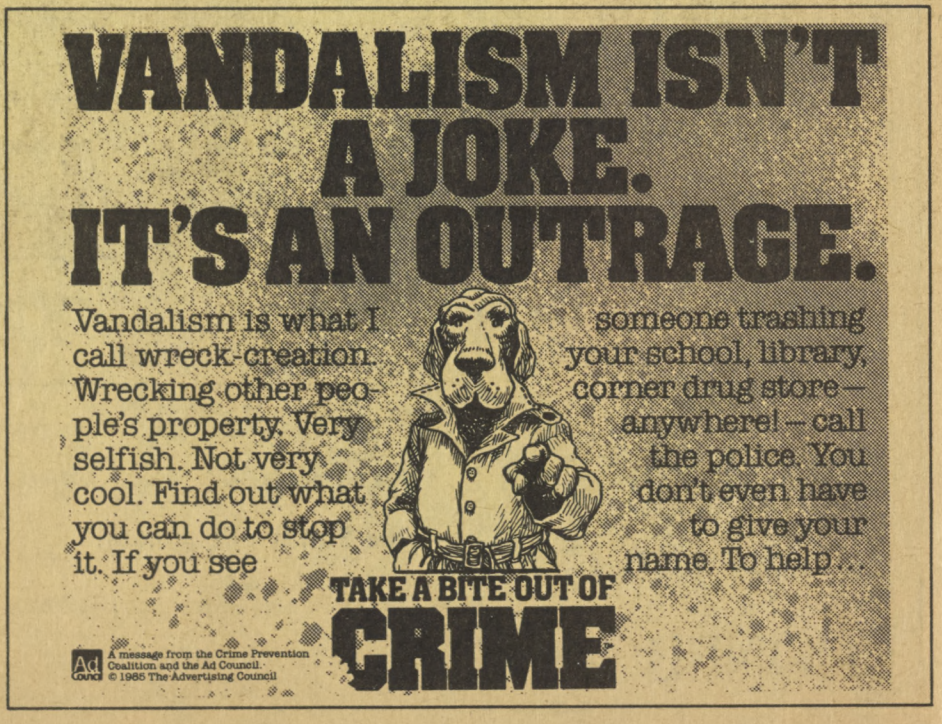
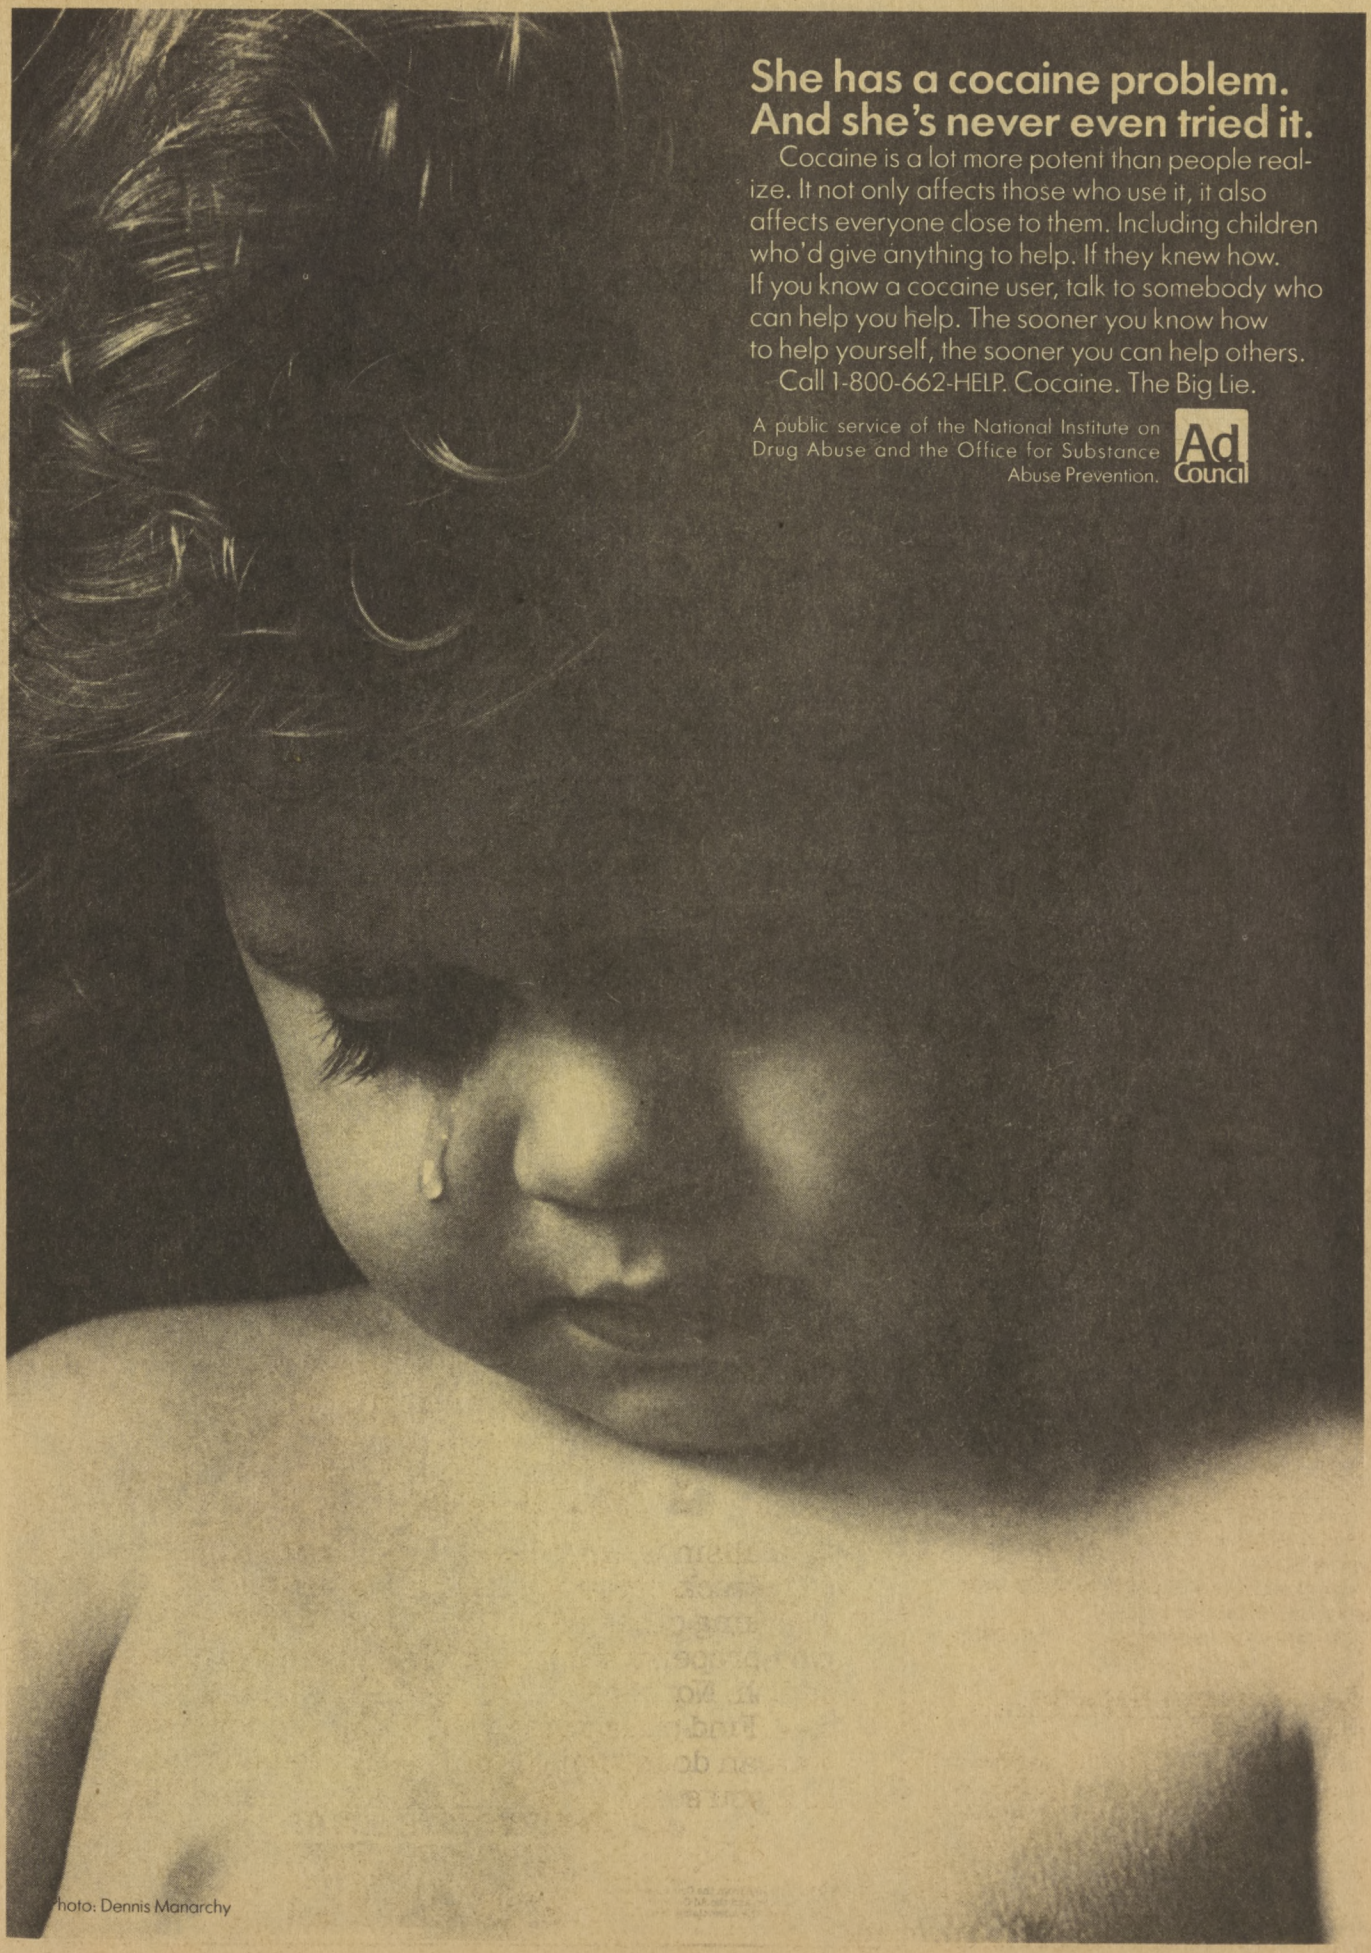
- DO NOT STORE THINGS NEAR WATERHEATERS OR FURNACES





She has a cocaine problem.
And she's never even tried it.
Cocaine is a lot more potent than people realize. It not only affects those who use it, it also affects everyone close to them. Including children who'd give anything to help. If they knew how. If you know a cocaine user, talk to somebody who can help you help. The sooner you know how to help yourself, the sooner you can help others.
Call 1-800-662-HELP. Cocaine. The Big Lie.

MOST PEOPLE USE ONE TO GET HOME. TO THE LONG FAMILY IT WAS HOME.

When J.C. Long lost his job, he never dreamed that the car he drove to work every day would become the only roof over his family's head.

But with his savings exhausted and his house repossessed, Long, his wife and their six children found themselves calling their car their home. (Something a middle class family like the Longs never thought would happen to them.)

Even though they were homeless, they were not helpless.

Thanks to United Way.

The Corona-Norco United Way helped get groceries, clothing and household goods for the family. And because of a special fund set up for community donations, two days before Christmas they received the greatest gift of all: a home to rent.

This is just one of thousands of similar stories from all over the country.

And, as the Longs can attest, United Way does a lot in your community.

From day care for the young to services for the elderly.

And what makes it all work are generous contributions from people like yourself.

People who realize that without their help, the United Way simply cannot exist.

The Long family thanks you.

And so do we.

United Way

THANKS TO YOU IT WORKS FOR ALL OF US.
